ADOPTION & AWARENESS

Take home any of the shelter animals that are put up for adoption. You can get in touch with WSA via phone, email or any other social media . Walk into the centre any day between 10:00 a.m. to 5 p.m. to meet all the wet noses and wagging tails. Trust us, you'd have never seen so much happiness under one roof!

Passive Adoption

This is a way of adoption where you'll be adopting any animal in shelter and be a parent. You will need to pay a minimum amount on a monthly basis, and we will look after them in the shelter. These are those animals which cannot be sent to homes due to the nature of their ailment or disability which needs constant medical attention. You can help WSA by sponsoring the monthly stay, food and basic medicines of any of the rescued animals at a fee mentioned below:

- Dogs ₹1500 monthly and ₹50 per day
- Cows and Calf ₹2000 monthly and ₹66 per day
- Goat and Sheep ₹1000 monthly and ₹33 per day • Cats - ₹900 monthly and ₹30 per day

WHAT WE DO

WSA provides shelter for sick, old and abandoned dogs, cats, cows and every other animal. The dogs are not chained or caged, they have enough space to walk, run, play and chase other dogs. At the shelter, it is indeed a dog's life! There are only few cages in the shelter for those that are undergoing treatment.

ABOUT THE FOUNDER

Praveen Kumar L, also called Rider Praveen is an ex-gym instructor who gave up his job, his means of livelihood, all his and his family's assets and savings to start We Save Animals (WSA) Welfare Trust. From paralysed, blind, old aged animals to accident cases, cruelty cases and terminally ill animals - he takes them all in, giving them happiness, food and a home in his shelter. It started for Praveen in 2013, when he rescued a kitten with a spinal injury. He nursed it at home, but it passed away after a week, leaving Praveen to wonder what he could do to help numerous animals like this, that suffer in silence.
